

WESTERN MASS RECYCLES

Now Accepting **EMPTY** Aerosol Containers

Please place **EMPTY** aerosol containers from the following categories with your container recycling:

YES

- discard lids in trash
- do not puncture, pierce, flatten or remove nozzles

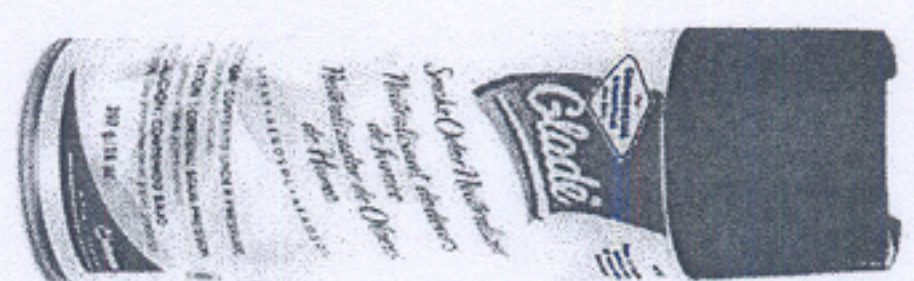

Health and Beauty Aids: Sun block, Hairspray, Hair Mousse, Shaving Cream, Deodorants

Laundry

Food containers: Frostings, cooking spray, whipped cream, processed cheeses

Air Fresheners

NO

All other types of aerosol containers will be rejected. Empty aerosols that once contained hazardous materials are not acceptable. These aerosols include, but are not limited to: spray paint, pesticides, cleaning products, craft products, adhesives, automotive sprays, waterproofing sprays, WD-40 and other lubricants. These *empty* aerosols should be disposed with your solid waste. If full, or partially full, they need to be disposed at a Household Hazardous Waste Collection.
